INDUSTRIAL MACHINE EXPERTS

For over a century, the John Bouchard & Sons Co. tradition of innovation and excellence has helped create and maintain the hardworking infrastructure that keeps equipment and production running across Tennessee and the Mid-South.

With one of the most comprehensive service and repair centers in the region, we work hard to ensure that your equipment runs smoothly when you need it most. Our team of experts is **on-call 24/7** to provide solutions that sustain industrial production systems.

Our machine services division employs top service technicians, machinists, controls & electrical specialists, millwrights and fabricators, who all work together to troubleshoot and repair your essential equipment and systems.

SERVICE & REPAIR

- Fans
