# JOHN BOUCHARD & SONS CO.

BUILDING & SUSTAINING  
HARDWORKING INFRASTRUCTURE

— SINCE 1900 —

*30 years of distribution  
for Gardner Denver*

## NITROGEN GENERATORS

**Gardner  
Denver**

In the modern manufacturing environment, such as bio-medical technology & food processing, the requirement for high purity nitrogen gas continue to grow.

## CHILLERS & COOLING TOWERS

**Gardner  
Denver**

Industrial chillers, cooling towers, pumps, filtration, condensers, evaporators, heat exchangers, tanks, and control panels.

## COMPRESSED AIR FILTRATION

**Parker**  
Filtration

Parker's compressed air filter elements filter out contaminants such as rust, pipe scale, compressor lube oil, and water from compressed gases.

## MACHINE & AIREND REBUILDS

JBS can extend the life of air compressors, blowers and vacuum pumps utilizing our rebuild service center to insure long lasting dependability & reliability.

## PREVENTATIVE MAINTENANCE & MACHINE REPAIR

Our experienced field service technicians service & repair all brands of compressed air equipment including Gardner Denver, Ingersoll-Rand, Atlas Copco, Sullair, & Quincy.

## 24/7 RENTAL COMPRESSORS & ANCILLARY EQUIPMENT

JBS has a full fleet of rental air compressors from 5HP to 300HP immediately available for rent. All electric units are self-contained and need only to be wired to your disconnect and piped to your air-line.

## TURNKEY INSTALLATION & AIR AUDIT SERVICES

JBS offers compressed air audits and turnkey project management to upgrade, install, or automate compressed air systems.
